### NOTES

1. In this Navy Register all officers on the active list of the Navy are credited in the column headed "Prior service" only with that prior service which may be counted in the computation of pay in accordance with the act of June 10, 1922.

2. With reference to officers of the line on the active list of the Navy who are not graduates of the Naval Academy, and to all officers of the Staff Corps, and all warrant officers, the date of acceptance of permanent appointment is shown in the column headed "Date of entry" in lieu of the date of rank on original appointment. This procedure is followed in view of the fact that the date of acceptance of appointment is the actual date of entry.

3. Errors or omissions should be immediately reported to the Bureau of Navigation by the officer concerned.

4. The signal numbers herein shown, preceding each officer's name, are effective from January 1, 1938, to December 31, 1938, inclusive, for use in signals and dispatches.

# NOTES

1. In this paper, the effect of the active role of the State and the role of the market in the development of the economy is discussed. The main argument is that the State should play a leading role in the development of the economy, especially in the early stages of development. This is because the market is not able to provide the necessary infrastructure and public goods that are essential for economic growth. The State, on the other hand, has the power to mobilize resources and implement policies that can create a favorable environment for economic development. This role of the State is particularly important in developing countries where the market is often weak and the infrastructure is lacking. The paper also discusses the importance of the State in providing social services and maintaining law and order, which are also essential for economic growth. In conclusion, the paper argues that the State should play a leading role in the development of the economy, especially in the early stages of development.

## TABLE OF RUNNING MATES

## RULES FOR DETERMINING PRECEDENCE OF ALL OFFICERS OF STAFF CORPS

(a) When of the same rank as their running mates or of the rank for which their running mates have been selected, staff officers take precedence with all other line and staff officers of the same rank from the dates stated in the commissions or which in due course will be stated in the commissions of their running mates in said rank, and ahead of all line officers junior to their respective running mates.

(b) When of a rank higher than that held by their running mates and until their running mates have been selected for the higher rank, staff officers take precedence with all other line and staff officers of the same rank in accordance with the date stated in the commission of the junior line officer in such higher rank.

(c) When of a rank lower than that held by their running mates, staff officers take precedence with all line and staff officers of the same rank in accordance with the dates stated in the commissions that had been held by their running mates in such lower rank, and ahead of all line officers in such rank who were junior therein to their respective running mates.

(d) Except as otherwise provided in these rules and whenever a conflict arises, officers of the line and staff corps having the same rank and the same date of precedence in that rank take precedence in the following order: (1) Line officers; (2) medical officers; (3) officers of the supply corps; (4) chaplains; (5) naval constructors; (6) civil engineers; (7) dental officers.

(e) Staff officers assigned new running mates since June 10, 1926, have, with respect to other staff officers who also have as their running mates the new running mates so assigned, the precedence held by them prior to the assignment of such new running mates.

NOTE.—The absence of a date of precedence opposite the name of any line officer in this table indicates that such line officer is serving in a rank higher or lower than that held by the staff officers to whom he has been assigned as a running mate.

## NOTES

Nothing in the act shall operate to reduce the pay of any officer on the active list below the pay he was entitled to receive by reason of his grade and length of service on June 30, 1922, exclusive of the temporary increase under the act of May 18, 1920. On and after July 1, 1922, he becomes entitled to the new allowances of the pay period in which he is placed by reason of his grade, length of service, and method of entry into the service.

An aide to a major general is allowed \$200 and an aide to a brigadier general \$150 per year in addition to the pay of his rank. (R. S. 1261.) (Suspended for fiscal year 1936.) (Re-established for fiscal year 1937.)

Any officer below the grade of major required to be mounted shall receive \$150 per annum additional if he provides one suitable mount at his own expense, and \$200 if he provides two mounts. (Act May 11, 1908.) (Suspended for fiscal year 1935.)

Retired officers below the grade of brigadier general and retired warrant officers and enlisted men shall, when on active duty, receive full pay and allowances. (Sec. 17, act of June 10, 1922.)
